Efficiency Rebates
Even with some of the lowest electric rates in WY, CO and NE we always look for ways to help the members save even more on their energy costs.

When you use less electricity and water, your bill goes down. This is good news for any household budget!

High West Energy offers our members Energy Efficiency Rebates for the installation of qualifying energy efficient electric heating/cooling, electric water heaters, electrical motors, refrigerators, freezers, dishwashers, clothes washers, clothes dryers and LED light bulbs.

Many members are taking advantage of High West Energy's Efficiency Rebate program. For more information on High West Energy Efficiency Rebate Program see details on the back.

| **LED Lighting**                            | • Up to 50% of the cost of each bulb or fixture, capped at $8.00 per bulb.  
                                          | • Maximum of 50 bulbs per year.  
                                          | • LEDs must be **500 lumens or greater**.  
                                          | • Provide a copy of the receipt showing purchase and one physical box for every type of light or product number as shown on the receipt.  
                                          | • **2019 is the final year for LED rebates.**                                                                                                                                 |
| **Refrigerator & Freezer**                  | • $50 for a new Energy Star® rated appliance.  
                                          | • Must be able to verify Energy Star® rating.  
                                          | • Must be 7.75 cubic foot or greater.  
                                          | • Provide a copy of the receipt showing purchase with model number and a copy of the yellow Energy Guide.  
                                          |                                                                                                                                 |
| **Dishwasher**                              | • $40 for a new Energy Star® rated dishwasher.  
                                          | • Must be able to verify Energy Star® rating.  
                                          | • Provide a copy of the receipt showing purchase with model number and a copy of the yellow Energy Guide.  
                                          |                                                                                                                                 |
| **Clothes Washer**                          | • $60 for a new **front-load** Energy Star® rated clothes washer.  
                                          | • $50 for a new **top-load** Energy Star® rated clothes washer.  
                                          | • Must be able to verify Energy Star® rating.  
                                          | • Provide a copy of the receipt showing purchase with model number and a copy of the yellow Energy Guide.  
                                          |                                                                                                                                 |
| **Clothes Dryer**                           | • $50 for a new Energy Star® clothes dryer.  
                                          | • $110 hybrid heat pump (ventless) Energy Star® clothes dryer.  
                                          | • Must be able to verify Energy Star® rating.  
                                          | • Provide a copy of the receipt showing purchase with model number and a copy of the yellow Energy Guide.  
                                          |                                                                                                                                 |
| **Electric Heat Pump (Ground Source)**      | **Base rebate – 3/4 ton minimum (9,000 Btu/h)**  
                                          | • $500 per TON for ground source systems, using either ground source closed loop or ground water source.  
                                          | • $250 per TON for replacement ground source systems, using existing ground source closed loops.  
                                          | • Provide a copy of the receipt showing purchase with model number, SEER rating, and COP rating.  
                                          |
| Electric Heat Pump (Air Source) | • $300 per TON units 15 to 17 SEER.  
• $450 per TON for units greater than 17 SEER.  
• $100 per UNIT additional for central air source with integrated controlled ETS backup.  
• $85 per UNIT for terminal units (through the wall mounted heat pumps – minimum 12,00 Btu/hr. rated).  
• Minimum of 15 SEER.  
• Minimum of 1 ton. |
| ENERGY STAR® Rated Split System Air Conditioner | • $100 per UNIT split system Energy Star® rated air conditioner from 15 to 16 SEER.  
• $150 per UNIT split system Energy Star® rated air conditioner over 16 SEER.  
• Not bundled with a heating system. |
| Electric Thermal Storage (ETS) and Thermal Slab Units (Minimum ETS load: 1kW) | Controlled Off-Peak Heating  
• $16/kW for ETS units controlled by timers or master control system.  
Heated Floors  
• $12/kW for thermal slab units controlled by timers or a master control system.  
HWE offers a $300 member discount on ETS units purchased through HWE. |
| Electric Water Heaters | Basic Unit – 30 to 55 gallon resistive water heaters  
• $30 per UNIT  
• $20 per UNIT additional rebate with lifetime tank warranty (30 to 55 gallon only).  
• Does not apply to those sold by HWE  
Heat Pump Water Heater (Air to Water)  
• Residential Units must be Energy Star® rated  
• $350 per UNIT – 30 gallon minimum  
Ground Source Heat Pump Powered (a.k.a. desuperheater)  
• $100 per UNIT  
$25 per UNIT additional incentive for lifetime tank warranty on heat pump waste heat units. |

ALL REBATES LISTED ABOVE MUST BE REQUESTED WITHIN 90 DAYS OF THE DATE OF THE RECEIPT. Upon approval, rebate checks will be issued by High West Energy.

For more information, or if you have any questions, please Kristi Vasko at 307-245-3261.

All rebate programs are valid for 2020, but are subject to change without notice.
